

16" God's eye quilt block

16" x 16" God's eye

Basic paper piecing knowledge is needed, no instructions are given but may be found on various websites around the web.

Templates are numbered for piecing order, identified by letters for placement in the block and contain a color guide. Refer to the colored block for placement of the templates.

You will need an estimated $\frac{1}{4}$ yard of at least 3 different colors of fabric for each block. Each block will finish at 16"

To construct the block you will do so in rows.

Piece A, B and C together

Piece D, E and F together

Piece G, H and I together

Then stitch the 3 rows together

Visit my website at www.fortheloveofgeese.com for other free blocks or patterns for sale.

You may not offer this pattern for sale or free. If you use this pattern to create and place a photo online, please give me credit for the pattern by adding a link to my website. It is a new site and will grow. Patterns for sale and free downloads will be added as time allows. At this time, for sale patterns will be through Craftsy but can also be viewed on www.fortheloveofgeese.com

Enjoy,
Denise
